FISTS Code Buddy Program

Hello FISTS and Non-FISTS!

Let me take a couple of lines to give you my ‘commercial’, in case you are not familiar with the FISTS Code Buddy Program. The program was designed and created in England as an original part of FISTS in 1987. It started matching people on an infrequent basis, and has developed into a very popular and highly organized program thanks to Nancy Kott, WZ8C and later by Ed Breneiser, WA3WSJ and John Cmiel, W9EM who remains the webmaster of the Code Buddy website.

You don’t have to be a member of FISTS to participate in our Code Buddy Program, but there are many reasons to join the club. We have thousands of members worldwide and I’m proud to say, we are the fastest growing CW organization in the world. If you are not a member, check out some of the benefits on our web site at www.fists.org. You will find applications for membership to both the FISTS CW Club and our Code Buddy Program on the web site or drop an email to [Joe, W5OS](#) for membership information. If you decide to join the club, and I hope you do, you will find it is loaded with friendly, helpful and interesting people. I’d be happy to be your sponsor or you can do it on your own.

Now, back to the code buddy program. In general terms, the FISTS Code Buddy Program matches an experienced CW operator with someone that wants to improve. They find convenient schedules and work one on one, on the air, to develop good operating skills and improve speed. It has been a very successful program. We have several hundred participants.

The first step in joining is to fill out a [Code Buddy Application](#) so we can collect your profile information and put you in our database for an assignment. We’d love to have you join the team either as a student and/or teacher (now or in the future).

Sometimes it takes a little while, but rest assured we are reviewing all of the student and teacher applications every week and you’ll be assigned a Code Buddy as soon as possible.

If you can, let us know your best areas of propagation. It gives us some idea of the best place to start to make an assignment. Also, as much personal information that you care to share, hobbies, interests, background, etc., helps us find someone that may be more compatible.

We look forward to hearing from you and appreciate your interest. Please let us know if you have additional questions. Many of our code buddies become very good friends. I hope this happens for you 73, John W9EM Webmaster and W3GR - HEMARC Membership Code Buddy Coordinators

Q: Subject: FISTS Code Buddy Program

Do I have to be a member of FISTS to participate in the Code Buddy Program?

A: Anyone is welcome to join the program. Both FISTS and Non-FISTS are equally welcome and receive the same code buddy assignment priority. You can be an Elmer, Student or just sign up for practice. All you have to do is fill out an [APPLICATION](#).

Q: Subject: FISTS Code Buddy Program

Can I have multiple code buddies?

A: You bet. You can be an Elmer and a student at the same time or possibly matched with several different code buddies for practice. Any combination of Student, Teacher and Practice is allowed and there is no limit. In addition, many of our Elmers have multiple students. It all depends on how much time you have available and your personal interests. Just let us know on your application or if you have an application on file, let us know you’d like more than one Code Buddy and we’ll put you on the list for another Code Buddy.

Beginner's Guide to the FISTS QSL Bureau

Basically the QSL Bureau works like this:

You pack up all your QSL cards for contacts with other FISTS members and send them to us. We sort the cards and put them in the Self Addressed Stamped Envelopes (SASE's) which the members have sent to us. When we get 6 to 7 cards in an SASE with 37 cents postage on it we mail them.

The mailing address for the Bureau is:

**FISTS QSL Bureau
c/o Stan Reas - K4UK
1020 Long Island Drive
Moneta, VA 24121**

To get the cards which are sent via the Bureau for you, you need SASE's on file with us. We suggest a minimum of three SASE's be sent. We require envelopes which are at least 4-1/8" high and much prefer the #10 business size envelope (4-1/8" x 9-1/2") which will work for nearly all QSL card sizes. *The smaller personal size envelope (3-5/8" x 6-1/2") will not handle the large QSL cards which some members send and will no longer be accepted.* Some of the members send 6" x 9" Kraft envelopes which can handle all cards sizes I've ever seen. If you can find the 5" x 7" Kraft envelopes they are a really nice size for SASE's.

Your SASE should have at least 37 cents postage in the upper right hand corner. Your address goes in the normal address portion of the envelope and put your call in LARGE letters in the upper left hand corner. We will put stamp the lower left hand corner of each of your SASE's:

ENVELOPE _____ OF _____
SASE LEFT _____

This will indicate which envelope is being used and how many are left on hand. We will include a "Last Envelope in Bureau" note when we have used your last envelope to send cards to you. Also, if the numbers in the bottom left hand corner indicates: for example: "Envelope # 3 of 3" - it will have been your last envelope. When you send in additional cards you can then send in additional SASE's.

Based on the weight of my QSL card the following postal rates apply effective July 1, 2002 per the scales in the Moneta, Virginia Post Office:

Weight	Postage	Cards
1 ounce	37 cents	7
2 ounce	60 cents	15
3 ounce	83 cents	23
4 ounce	\$1.06	31

If we get a big bunch of cards for you, we may put them all in the one envelope and add postage as required from our "stamp kitty". If we do this, we appreciate your reimbursing the kitty with your next batch of cards . If you put more than 37 cents postage on your SASE's we will wait until we get the number of cards equivalent to the postage before mailing. If you prefer periodic mailing just let us know.

You can send QSL's for contacts with all foreign FISTS members to us and we will forward them to Chuck Spence, MØAVW in England or Nigel Hardy, ZL2TX in New Zealand who handle the distribution of QSL cards for overseas DX. We distribute cards for Canadian FISTS and other DX FISTS in North and South America directly from the Bureau.

So, just send us the QSL cards for your FISTS QSO's and some SASE's and you're set up to use the Bureau. It won't do any good to send cards for contacts with stations who are not FISTS members as they won't have SASE's on file with us. Also, it is a good idea to confirm with the FISTS member that you will QSL via the Bureau. In that way both will know that there are SASE's at the Bureau.

If you're sending a bunch of cards at one time, it will help us if you would put the US cards in order by callsign number. But, you don't have to sort them alphabetically. Members of the Franklin County ARC of Rocky Mount, VA assist me in the work of the QSL Bureau. They do the final sorting and mailing of envelopes.

Costs involved in operating the QSL Bureau are offset by donations from our members. We mail the DX cards to Chuck in bulk and the cost has averaged 4.5 cents per card. Also we mail the DX cards to Nigel in bulk and the cost has averaged 8.5 cents per card. So, if you send cards to DX members, a donation would be appreciated! Your donation can be cash or checks. If checks, please make them out to me, Stan Reas, as my bank is "reluctant" honor checks made out to "FISTS CW Club" or to "FISTS QSL Bureau"

For Canadian and other non-U.S. members

Since all mail we send out from the Bureau must have U.S. postage stamps, you will have to put U.S. stamps on your SASE's. Since obtaining U.S. stamps may be hard, if not impossible, we suggest that you send Self-Addressed-Envelopes (SAE) without stamps and some funds to cover the stamps we will obtain for you. In order to minimize your costs, we will accept mailing labels with your address on them in lieu of SAE's and will paste them on envelopes from our stock. Just include some funds with your labels to cover the stamps. The funds can be cash (Green Stamps), checks or IRC's. If checks, please make them out to me, Stan Reas, as my bank is "reluctant" to honor checks made out to "FISTS CW Club" or to "FISTS QSL Bureau".

Based on the weight of my QSL card at the Moneta, Virginia Post Office the following rates would apply:

Weight	Cards	Postage to Canada	Postage to Mexico	Postage to Others
1 ounce	7	60 cents	60 cents	80 cents
2 ounce	15	85 cents	85 cents	\$1.60
3 ounce	23	\$1.10	\$1.25	\$2.60
4 ounce	31	\$1.35	\$1.65	\$3.50

So, send us your QSL cards and some SAE's, or some mailing labels and some funds and you're set up to use the Bureau.

We maintain a FISTS QSL Bureau Web Page, which has a List of all members who have SASE's on hand. And, a second List of those for whom we have cards but as yet no SASE. And, a third List of those who have advised us that they only QSL direct and do not use the Bureau. This Web Page also contains additional information about the Bureau including a picture of the Staff - all volunteers from the Franklin County Amateur Radio Club of Rocky Mount, VA. The address of the Web Page is: www.qsl.net/w4fcr/fists/fist.html

Here is an example of how your SASE should look:

Minimum envelope size is #10 (Business size)

FISTS USA Club Call Rules and Information

The FISTS USA Club Call is K N Ø W C W

THE FISTS NUMBER FOR THIS CALLSIGN IS 10,000

This is the ONLY number to be given out as the KNØWCW FISTS number! DO NOT give out your personal FISTS number as KN0WCW number if you are operating with this callsign.

Contact with the FISTS USA Club Call is worth 5 points. It may only be counted ONCE towards your personal awards log total.

FISTS USA Club Call is limited to use by USA FISTS Club members with currently paid dues, and only with prior written permission from the FISTS USA Club Call Trustee. If you would like permission to use the FISTS USA Club Call, please send an e-mail with your name, call sign, and phone number to: fistsawards@attbi.com OR send a letter with the same information to:

Dennis Franklin K6DF, 4658 Capitan Drive, Fremont, CA 94536-5448

You may choose dates for your use of the Club Call up to a total of 7 days in a calendar year. These dates can be consecutive or may be broken up into individual days or groups of days throughout the calendar year. Dates are assigned on a first come first served basis. A Club Call Schedule is available on our web page <http://www.fists.org>, or by contacting Dennis K6DF.

Rules for FISTS USA Club Call Use

1. When using KNØWCW you must attach your call area to the call depending on where you are located during your operation. Example: KNØWCW/6 if you are located in CA, or KNØWCW/1 if you are located in VT.
2. **All starting and ending dates of your assigned operating times are in UTC date and time.**
3. Contacts made using KNØWCW are not usable toward awards for your own call sign. You may, however, have a QSO with the same person, using your personal call sign after the contact with KNØWCW, and counting this contact on your personal log and award tallies.
4. All KNØWCW operators are responsible for completing and sending their own QSL cards. QSL cards for KNØWCW will be provided by Nancy WZ8C. If you don't want to do your own QSLing, QSL manager Karl KB1DSB will fill out and/or mail the cards for you.
5. All QSO's must be made on CW mode only. Any amateur band may be used.
6. When you are the control operator of the station using the FISTS USA Club Call, you must stay within the operating privileges of your own license class. **We suggest you operate on frequencies other than the .058 frequencies to encourage FISTS operators to spread out and utilize more of the band. This also gives operators with less privileges an opportunity to work the station.**
7. The FISTS number for the FISTS USA Club Call is 10,000. This is the number you should give out when using the Club Call Sign, NOT your own FISTS number. The FISTS USA Club Call does not have a CC number at this time, DO NOT give out your CC number when operating with the Club Call Sign.
8. A log must be kept of all QSO's with the following minimum log information; UTC Date and Time of QSO, Call of Station Worked, Frequency, RST sent and rec'd, Name of Operator Worked, and QTH of Station Worked. A Club Call Log sheet has been created in a PDF format by Tom WB5KHC. You will need Adobe Reader to download the Club Call Log Sheet visit our web page <http://www.fists.org> or send an SASE to Dennis K6DF.

Send your paper Club Call log, within 15 days after your last day of operation, to:

FISTS USA, P.O. Box 47, Hadley, MI, 48440

FISTS USA Club Call Certificates

There are two FISTS USA Club Call certificates:

The KNØWCW Achievement Certificate and The KNØWCW Operator Certificate.

The Operator Certificate will be issued for making an average of at least 10 contacts per day, (FISTS or non-FISTS stations), during scheduled use of KNØWCW when you are the authorized Control Operator of the call.

Example: If you signed up to use KNØWCW for 5 days total, you must make a minimum total of 50 QSO's with the Club Call in order to qualify for the "Operator Certificate". These 50 contacts may be spread out over the 5 days in any manner.

Send your paper Club Call log, within 15 days after your last day of operation, to:

FISTS USA, P.O. Box 47, Hadley, MI, 48440

Operator certificates will not be sent out until logs are received and verified.

KNØWCW Achievement Certificate:

There are two options to obtain the Achievement Certificate:

1. Contact KNØWCW once each month of the calendar year. (Total of 12 QSO's)

Example: You work W2YMX using the Club Call in January, you may also work W2YMX using the Club Call again in February, plus other stations in the remaining 10 months. A contact needs to be made with the Club Call every month of the year under option #1.

Using Option #1, the same station using the Club Call may be worked more than once providing it is in different months.

OR ...

2. Contact 12 different authorized stations using KNØWCW during a calendar year. (Total of 12 QSO's)

Example: If work W2YMX, N1PT and KB1DSB using the Club Call in January, you may not work those stations using the Club Call again in any other month during the year if you are going to claim the Achievement Certificate under option #2.

Using Option #2, you can only work a station authorized to use the Club Call once during the calendar year.

Send your station log claiming the Achievement Certificate to:

Dennis Franklin K6DF, 4658 Capitan Drive, Fremont, CA., 94536-5448

E-Mail logs will be accepted for the Achievement Certificate only at the following e-mail address:
fistsawards@attbi.com

Only Excel, Microsoft Word and Text files are acceptable for e-mail logs.

NEW Award for 2003

Nightmare Alpha-Numeric FISTS Yearly Award

It starts January 1 and runs through Dec 31, 2003. This award will be a lot of fun as well as a challenge. The award was created by Jack Bock, K7ZR #2656.

- 1) Contacts must be 2-way CW on-air contacts made between Jan 1 and Dec 31 2003.
- 2) Contacts can be made at any time, any place at any speed.
- 3) Contacts must be with a person or club with a FISTS number.
- 4) Contacts can be with FISTS from any country.

The object is to work stations whose call signs fit into the squares on a grid. There are 260 squares (26 letters and 10 numerals) 'Counters' are the last numeral of the call sign and the first letter of the suffix. For example, K7ZR goes in the 7 column at the Z row. WZ8C fits in the 8 column on the C row. P31ABC would be in the 1 row on the A line. By convention, use the numeral of a portable designator if there is one - WB9CIS /M3 would be in the 3 row on the C line. Also put the date (month/day) in the square with the call sign for reference.

You can make your own grid sheet by taking a piece of 8.5" x 11" lined writing paper and drawing 10 each 3/4" vertical columns labeling them "1" through "0". Then go to the left-hand margin and label 26 of the horizontal stripes "A" through "Z".

A ready-made .pdf grid log is available for downloading on our web page

To get your 2003 NANFY certificate, send your completed grid (filled in with the call signs and dates) along with your log (containing the usual contact info and FISTS numbers) to: Dennis K6DF. As always, certificates are free to Active FISTS Members (meaning: you've paid your subs). Those not in good standing please include \$3 to cover costs. Separate certificates are NOT available for different versions (such as QRP, Mobile) but you may have your call sign printed with a designation on the certificate, such as K4UK/QRP or K4UK/Mobile.

NEW DUPE SHEET RULE

A "Duplicate" Check Sheet must be included with all submitted paper logs of over 100 contacts that are not sorted by FISTS number for Century Awards, or sorted by CC number for Platinum Awards.

A "Dupe" check sheet may be obtained by downloading it from our web page <http://www.fists.org> or sending an SASE to Dennis K6DF.

Or, it is very easy to make and use, instructions follow:

Take a blank sheet of 8.5 by 11 paper and turn it sideways so that the long side is at the top. Write the numbers 1 through 9 along the top edge of the paper spreading them out so you have plenty of room between each number. Now, go through your award log and write the FISTS number for each QSO under the numbered column that corresponds with the first number of each FISTS number. Each time you enter a new number in a column, check down through that column to see if that FISTS number has been previously entered. If it has, then it is a dupe and should NOT be used for your Award Log. This "Dupe" sheet needs to be sent with your award log when applying for awards with over 100 contacts.

Please do not email logs that are scanned images of your log pasted into Excel and Word documents. Scanned images of log pages (jpg files) will not be accepted. When you apply for an award, please send the complete log for that award, i.e. . . . if you have the Silver award and are applying for the Gold award, send the complete log showing all 500 contacts for the Gold award.

Basic Century

The Century Certificate Award is earned by working 100 points of FISTS members. FISTS operating from the same country that you are in are worth one point. FISTS operating from a different country, as defined by DXCC rules, are worth two points. Club callsigns with FISTS numbers are worth three points, except for GX0PIX, KN0WCW, and ZL6FF, which are worth 5 points.

A FISTS number can only be counted once.

YOU don't have to be a FISTS member at the time of the contact, but the person you are claiming for Century Award points must be a FISTS member AT THE TIME OF THE CONTACT. For example, if you QSO with someone who is not a FISTS member, but they join FISTS after the QSO, you must work them again for credit. You cannot count the QSO before they joined FISTS toward the Century Award.

You do not have to have a QSL card to claim the contact for the Century Award. A worksheet is available on our webpage or with an SASE from Dennis K6DF. Use it as a check sheet to help keep track of stations worked, and it can be used for ALL of the Century Awards. Special Thanks to Tom, WB5KHC, for designing and providing the logsheet.

There is no charge for the award for FISTS in good standing. Non-FISTS and FISTS who are not on the Active List are eligible for the award but please enclose \$3 to help defray expenses.

All FISTS members, worldwide, send a list of your FISTS contacts with QSO information (name, call, FISTS number, band, date) to the World FISTS Award Manager; Dennis Franklin, K6DF 4658 Capitan Drive Fremont, CA 94536-5448

Silver Century Award

The Silver Century Award has the same rules as the Basic Century, but is for a total of 250 points. Points used to claim the Basic Century may be used toward the Silver Century Award. Send the log information and dupe sheet if contacts are not sorted by FISTS number, (no QSL's please) to Dennis Franklin, K6DF.

When you apply for an award, please send the complete log for that award, i.e. if you have the Basic and are applying for the Silver award, send the complete log showing all 250 contacts for the Silver award.

Golden Century Award

The Golden Century Award has the same rules as the Basic Century, but it is for a total of 500 points. Points used to claim the Basic Century & Silver may be used toward the Golden Century Award. When you apply for an award, please send the complete log for that award, i.e. if you have the Basic and Silver, and are applying for the Golden award, send the complete log showing all 500 contacts for the Golden award. Send the log information and dupe sheet if log is not listed by FISTS (no QSL's please) to Dennis Franklin, K6DF.

Diamond Century Award

FISTS SPRINTS

The following are the Official Rules for the FISTS SPRINT.

OBJECTIVE: To exchange specified information with as many U.S. or Canadian FISTS members as possible, using Morse Code only, and within the time frame stipulated.

PARTICIPANTS: Any properly licensed amateur radio operator, FISTS member or nonmember is invited to take part in the contest. At least one of the two stations in each QSO must be a U.S. or Canadian station.

DATE AND TIME: The Winter SPRINT will run from 1700 UTC to 2100 UTC on Second Saturday in February.

The Spring SPRINT will run from 1700 UTC to 2100 UTC on Second Saturday in May.

The Summer SPRINT will run from 1700 UTC to 2100 UTC on Second Saturday in July.

The Fall SPRINT will run from 1700 UTC to 2100 UTC on Second Saturday in October.

Please note times are in UTC; daylight savings time is NOT a factor.

BANDS: Operation is limited to the following amateur bands: 3.5, 7, 14, 21, and 28 MHz amateur bands. Work stations only once per band.

ENTRY CLASSES: There are three entry classes:

QRO is over 5 watts output power.

QRP which is limited to 5 watts output power or less.

Club (regardless of power). Entry class MUST be shown on logs to be considered for entry in a particular class, or will be assumed QRO.

An entry must be ONE class only, no combination of classes is allowed

EXCHANGE: The following information must be exchanged by both stations to count as a valid contest QSO:

For FISTS members: RST, U.S. state/Canadian province/DXCC country, first name, FISTS number.

For non-FISTS members: RST, U.S. state/Canadian province/DXCC country, first name, Power output.

DX COUNTRY STATUS: U.S. states and Canadian provinces are those states and provinces that are contiguous and found within the North American continent. DX are those entities listed in the current ARRL DXCC publication, other than the above.

SCORING:

Each QSO with a FISTS member: 5 points.

Each QSO with a non-FISTS member: 2 points.

MULTIPLIERS: Each U.S. state or Canadian province counts as one multiplier.

Count each only once, no matter how many times worked.

DX countries count as a multiplier each time worked.

If a DX country is worked several times on different bands, each QSO counts as a multiplier.

LOG SUBMISSIONS: Sending the logs is what counts, and they will be spot checked for accuracy and correct scoring procedures.

All log entries must be received 30 days after the Sprint to be considered valid. Logs not sent to the proper address will not be considered for entry.

All logs MUST contain the following information to be considered for entry::

Your name and call sign. Club name if entry is for a club. Your FISTS number if a member. Entry class.

Your claimed score. List of claimed multipliers. The entry form is the best way to record this information.

ELECTRONIC LOGS; We will accept E-logs in standard Cabrillo format, or ascii text files. If your not sure about your format, please contact me before the contest entry deadline.

E-logs are sent to W8PIG@yahoo.com ONLY.

PAPER LOGS:

Send log and forms to: **Dan Shepherd, N8IE**

Kettering, Oh 45420

CALLING FREQUENCIES

FISTS members can be found all over the bands, PLEASE don't get "stuck" on the calling frequencies. We've assigned about 10,000 FISTS numbers - we can't all fit on one spot *SPREAD OUT*. Please be considerate of the QRPers and County Hunters, who also use this area of the band. QRP operators are often "rock bound" and can't change frequencies. ALW AYS ASK QRL? (is this frequency in use?) and LISTEN carefully for a QSO in progress before calling CQ. Here are recommended calling frequencies by band.

2m 144.058 MHz
6m 50.058 MHz
10m* 28.058 MHz
12m 24.918 MHz
15m* 21.058 MHz
17m 18.085 MHz
20m* 14.058 MHz
30m 10.118 MHz
40m* 7.028 MHz — All IARU Regions
40m 7.058 MHz — IARU Region 2
80m* 3.558 MHz
160m* 1.808 MHz

* Note 1: The calling frequencies for 10m, 15m, 20m, 40m - All IARU regions, 80m, and 160m, are only 2 kHz. below QRP calling frequencies (7.030 MHz is the QRP calling frequency in Europe). Please only QSY *down* from these frequencies.

U.S. Novice sub-bands
10m 28.158 MHz
15m 21.158 MHz
40m 7.118 MHz
80m 3.708 MHz

Note 2: Please use the Novice sub-band calling frequencies as much as possible. It will benefit Novices, and also provide support for retaining the spectrum.
